

AHMED ALI Junior Front-End Developer

✉ m.wawa8080@gmail.com ☎ +201097331298 📍 Sharqia, Egypt

Professional Summary

Results-driven Junior Front-End Developer specializing in building high-performance, responsive, and visually appealing web applications. Expert in converting complex UI/UX designs into pixel-perfect, clean, and maintainable code using modern technologies like Tailwind CSS and JavaScript. Possesses a solid understanding of full-stack principles to collaborate effectively within development teams, and skilled in using modern version control to deliver scalable digital solutions.

EXPERIENCE

- Front-End Developer | Freelance & Academic Projects2024 – Present
- Designed and developed fully responsive, pixel-perfect user interfaces, ensuring seamless cross-browser compatibility and optimization.
 - Specialized in converting design mockups into interactive, dynamic front-end views.
 - Collaborated with back-end teams to ensure optimal API integration and data structure for front-end consumption.
 - Managed application deployments, SSL configurations, and server tasks using aaPanel on Hostinger VPS environments.

ACHIEVEMENTS

- Door-Fast | Delivery Management System (Full-Stack)
- Developed a comprehensive delivery management platform featuring multi-role dashboards for administrators, call centers, and drivers.
 - Crafted a responsive, streamlined front-end dashboard utilizing HTML5, CSS3, Tailwind CSS, and JavaScript.
 - Implemented robust backend logic, secure authentication, and database migrations using PHP, Laravel, and SQL.
- Crop Disease Detection System | AI-Powered Web Application (Front-End)
- Spearheaded the user interface development for an innovative web system designed for agricultural research and automated crop health analysis.
 - Created highly interactive layouts using HTML5, CSS3, and JavaScript, facilitating seamless user interaction with the core AI detection workflows.

SKILLS

- Core Programming & Systems:** JavaScript, PHP, Python, C++, C, Windows.
- Front-End Web Development:** HTML5, CSS3, Tailwind CSS, Responsive Web Design, UI/UX Implementation.
- Backend & Databases:** (Prior knowledge) Laravel (PHP), Node.js, SQL, MongoDB.
- Tools & DevOps:** Git, GitHub, Hostinger VPS, aaPanel, Problem Solving.
- Productivity & Office Tools:** Microsoft Office Suite (Word, Excel, PowerPoint).

EDUCATION

- Bachelor of Computer Science2022 – 2026
- Faculty of Computers and Information - Luxor University

Certificates

- Certificate of Completion: Employability Skills Track** - Aspire Training Solutions, USAID, The American University in Cairo (Date: October 8th to 12th, 2023).
- Joint Diploma & Proficiency Certificate in Python (Grade: Excellent)** – Egyptian Science House in collaboration with the American Board of Professional Studies (ABPS) (September 2024).
